

**Year 5 Weekly Homework – WB 15th June**

**Topic: Newcastle**

In March, we visited Grey Street so we could learn more about our local area. Therefore, I have chosen Newcastle as this week's theme. There are 9 challenges to choose from below. Please try and complete 6 challenges this week. If you are not currently connected to Class Dojo and would like your connection details, please send an email to [admin@simonside.newcastle.sch.uk](mailto:admin@simonside.newcastle.sch.uk) and we will be able to get you connected.

**Challenge 1**

**Maths –**

A pizza shop makes 176 pizza bases before opening. Over the evening they will sell 247 pizzas. During the evening, they make another 80 pizza bases. How many pizza bases will be left at the end of the evening?

Bailey says they have 151 pizza bases left.  
Ashleigh says they have 9 pizza bases left.

Who is correct and what mistakes have been made? What other errors might be made?

**Challenge 2**

Research a famous person born in Newcastle and produce an information page about them. You could also draw a portrait of them. Try to include why they are famous in your information page.

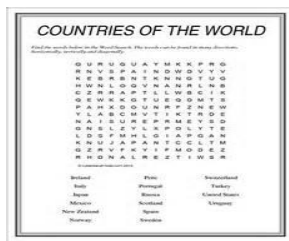

**Challenge 3**

Design a new mascot for Newcastle United. You should colour your mascot and give it a name. Explain why you have chosen this design.

#### Challenge 4

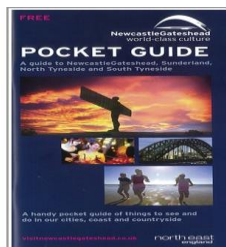

Create your own word search about Newcastle. The theme could be famous sights, Newcastle United players or even areas in the city such as Newbiggin Hall and Westerhope!

#### Challenge 5

##### Literacy – Persuasive writing

Design your own travel leaflet/brochure to persuade people to visit Newcastle. You could mention the shops, restaurants, bridges, quayside etc.

#### Challenge 6

Make your own model of a famous landmark in Newcastle or the surrounding area. For example, you could make your own Angel of the North or the Tyne Bridge. You can draw or paint a landmark instead, if you would prefer.

#### Challenge 7

Think about your favourite place in the city. It could be St James Park, Eldon Square, Leazes Park or maybe Simonside School! Draw a picture of your favourite place and write a short paragraph to explain why it is your favourite.

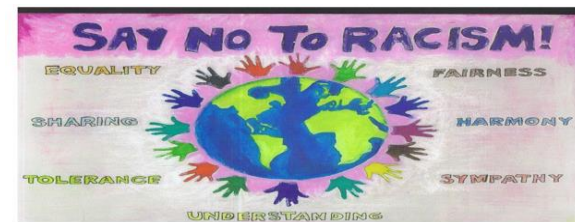

#### Challenge 8

Choose another city in the world that you would like to visit. Find out five facts about this city and tell me why you would like to visit it.

#### Challenge 9

**PSHCE** - Football is very important to many people in the city of Newcastle. An important message that Newcastle United are firmly behind is to Give Racism the Red Card. At our school, we also support this message as we do not tolerate racism of any kind. Can you create a piece of artwork with an anti-racism theme? Try to get across why it is important that everybody is treated equally and why racism is simply not acceptable anywhere around the world at any time.

I have left the link below to the Y5 White Rose Maths Hub Home Learning Page, if your child would like to complete any of the lessons. For each lesson, there is a video to watch and an activity to complete (the answers are also available). It is not necessary to print out the activity sheet as the answers can be completed on a piece of paper. Remember your child does not need to complete every lesson; these are just additional resources if required.
